The screenshot shows a catalog interface with a header 'Catalog'. It includes a checkbox for 'Order guide products only' and a search bar with placeholder 'Search'. Below the header are several filter buttons: Description: All, Brand: All, Category: All, Sub Category: All, Product #: All, and an 'Add filter' button. A large grid of product filters is displayed below these buttons. At the bottom right of the grid is a green 'Ok' button.

The screenshot shows the 'Order entry' interface. On the left is a sidebar with icons for Orders, Order Guides, Standing Orders, Open Orders, Reports, Order control list, Inventory, Catalog, and Customer info. The main area displays an order for 'NAM... SALMON COOKER (GREAT WESTERN) - K129...' with account number K12958. It shows a delivery schedule for Friday, April 5, 2024, and contact information for Colin Adams. To the right, there are sections for 'Internal QA Environment' with a note about contacting district managers and another note about order entry requirements.

The screenshot shows the 'Order entry' screen with a sidebar containing icons for navigation. The main area displays order details for 'NAM... SALMON COOKER (GREAT WESTERN) - K129...' with account number 'K12958'. The 'Delivery Schedule' is set to 'Fri, Apr 5, 2024'. A red banner at the top right states 'There are no matching products: (0046)'. On the right side, there are sections for 'Ship Date', 'Order Contact Name', 'Address', 'AR Summary', and 'Next Delivery Date: Fri, Apr 5, 2024'. Below the main form, a message box says 'Internal QA Environment' and provides contact information for issues. At the bottom, a 'New order' section is visible with route '503 - TRUCK 503', warehouse 'Kent Whs', and other order details.

**(S) Test scenario to verify functionality when orders exist before order submission is enabled**

**(F) scenarios for admin credentials and client credentials**

This screenshot is identical to the one above, showing the 'Order entry' screen with the same layout and data. The key difference is that the order submission feature is now enabled, as indicated by the red banner 'There are no matching products: (0046)' which is no longer present, suggesting the system has found matching products.

The screenshot shows the 'Order Entry' configuration interface. At the top, there are tabs for 'Order workflow', 'Order detail', 'Order summary', 'Order options', and 'Permissions by'. Below these are sections for 'Workflow in order entry' and 'Order workflow'. In the 'Workflow in order entry' section, there is a dropdown set to 'None' and a toggle switch for 'Focus in quick entry product number field once order is started'. In the 'Order workflow' section, there are three toggle switches: 'Enable order history', 'Create open order on next', and 'Load sheet validation'. There are also two additional toggle switches with DSD labels: 'Determine Open Order status using Loadsheets Print and Delivery Ticket Print flags' and another unlabeled one.
